'JOCK'S WAGGIN' TONGUE

Vol. 5 Thur. Nov. 20 No. 46
Jock McIntyre, Editor.

The Dominion Engine Drive washing machine equipped with Johnson Iron Horse motor. It is self oiling, change of oil being needed only once in 25 hours running. One quart of gas-oil will run it for 2 1/2 hours. It is very attractive in design and inexpensive in price.

The boys who journeyed to Brooks for the pheasant shoot report a very enjoyable time, plenty of pheasants and a lot of hunters who will not get their limit of birds.

Time and temperature are questions often asked. Clocks and thermometers are the mediums by which these questions can be answered satisfactorily.

The guide had been answering the tourist's questions for half an hour and his patience was exhausted.

How were the caves formed, she asked.

I was not alive then, madame, he replied, but the story goes that a Scotsman dropped a six-pence down a rabbit hole.

Seasonable goods, Tank Heaters, Tank Heater Grates and ash pans also a stock of 5 inch pipes.

Shorty, over the telephone—Doctor, come quick, my boy has swallowed my fountain pen. Doctor—What are you doing in the meantime? Shorty—Using my pencil.

Thermos bottles—good quality and an ideal one for the school children. Also a good supply of Bottle Kits.

Angus Shops Craftsmen Celebrate 100th Tank

It was a proud moment for employees of the Canadian Pacific Railway's Angus shops at Montreal when the 100th army tank rolled off the shops assembly line to take its place with others in the British armed forces. The important production milestone was marked by a gala ceremony during which Tank No. 100, gaily bedecked with flags and placards, was paraded down the shops' midway to the strains of the employees' brass band.

Cheering throngs of shopmen lined the broad runway as the

tank-of-honor rumbled by, symbolizing the stepped-up tempo of production since the first Canadian-built tank was released from the big plant early in the summer. Large placards affixed to the tanks' khaki sides indicated the determination of the employees, who staged the ceremony on their own initiative, to do all in their power to contribute to victory.

As the procession drew up before the tank shops where other finished tanks stood in a grim line, the band played "O Canada" and the National Anthem and this was followed by lusty

cheers as the Angus workers surveyed their handiwork. Many of the tank's 99 Angus-built predecessors are already in service with the armed forces, and as the above placard says: "Hundreds more will follow quickly."

The ceremony recalled the message of D. C. Coleman, vice-president of the Canadian Pacific Railway, when the first tank was produced at Angus shops. On that occasion Mr. Coleman remarked: "This machine is the child of sweat and tears. It will be followed by hundreds and thousands of others to help the Empire to its victory."

BRITAIN'S INDIAN ARMY IN ACTION

These soldiers belong to a Siki Regiment famous in Britain's military history for its valour. They fought brilliantly in Eritrea, in the East African campaign, and later joined the British forces in the Western Desert, Libya.

This photograph shows a Siki machine-gun detachment making good use of what little cover is afforded in this terrain.

C. H. S. Notes

The election for the high school paper staff was held Friday. The following students were elected from grades nine and twelve:

Editor-in-chief—Reno Rinaldi
Literary Editor—Shirely Taylor
Social Editor—Morag McDougall
Joke Editor—John Carlson
Sports Editor—George Hummell
Stencil Cutters—Marjorie Ditto
Elizabeth Goodman
Lillian Orcutt

This edition is to be published about the 12th of December. Copies of the paper may be obtained for 10c.

We wonder if Reno thinks school starts at two minutes past nine. Could be.

On Friday morning Mr. Dawson, M.L.A., accompanied by Mr. Boucier, M.L.A. of St. Anne, came to the high school and gave an excellent illustrated lecture on the subjects of parliament in session, and points of interest in Alberta.

The pictures were well chosen and Mr. Boucier gave an excellent talk.

Chronicle First To Use Airgraph

When the new Airgraph Service came into effect Saturday, November 15th, the Champion Chronicle was the first in this district to send messages to soldiers overseas by this new service. A message was sent to each boy of the Champion district now serving overseas in Canada's army. The message read as follows:

Dear—:

Today inaugurates the new Airgraph service which will enable us here at home to be in quicker and more certain contact with you boys who are in Canada's Service Overseas.

The Chronicle, "our home town paper" has the honor of being the first in this district to use this new service and is taking the opportunity of sending messages of greeting to all the local boys serving Canada so well overseas.

I am sure I speak for all of your relatives and friends in the district in wishing you good health and continued success in all that you undertake.

We at home are proud of you. May God bless you and keep you.

Yours sincerely,

HITLER OUTSMARTING US?

— V —

Hitler said he would dictate peace terms to Britain in Buckingham Palace on August 5th, 1940.

Hitler said he would take

Moscow within three weeks of June 22, 1941

Hitler said five or six weeks ago that the most momentous event of the war would be reached in 48 hours—meaning the utter defeat of Russia.

Hitler is the most colossal liar and the shrewdest propagandist of all time. Nazi dive bombers and Blitz Buggies don't strike until the propaganda time-bombs, placed by Hitler's gang, are ready to go off.

Nazi agents are planting their lies all over North and South America. There are lots of them sowing the seeds of discord and suspicion right here in Canada.

These are quiet, wise looking guys who throw out the suggestion that gasoline saving is not necessary; that it's a frame-up. In whose interest is it to make Canadians suspicious and keep them from saving gas

when Britain asks us to help her by doing so? And how could German agents in Canada serve Hitler better than by casting suspicion on the gas saving campaign.

The saps pass this along and the quiet wise guy slips back to the Vaterland by the way of U.S.A. and Lisbon to receive the iron cross for smart work done in Canada.

Everyone knows that four dollar bills don't usually add up to five... BUT, the WAR SAVINGS certificate which costs you four dollars makes this kind of arithmetic come true.

Yes, and every four dollars you send to Ottawa actually gets behind a gun and shoots. It buys vital war equipment of some sort. It helps shorten the war.

After this war, you get FIVE DOLLARS, not four dollars. Thus right now, your savings are helping to win and they're helping to build a nest-egg for yourself.

Mrs. W. Peacocke and Miss Jay were visitors in town Monday.

Mr. and Mrs. Wm. Dayman received recently that their son Harold who has been employed in an aeroplane factory in Montreal, has been transferred to Dartmouth, N.S.

Lethbridge visitors Saturday included Mrs. Wm. Dayman and daughter Eileen and Mr. and Mrs. Russell and son Ted.

W. Dayman was a Lethbridge visitor on Sunday.

A concert sponsored by the Red Cross local branch and held in the Community hall on November 11th was an outstanding success. The program consisted of three short plays acted by the young people of the community entitled "Isn't It Exciting?" "Swept Clean off Her Feet" and "All Cars to the Rescue" Following this was a skit presented by Jay Stettner and Lila Hurnanen. Solos by Evelyn Greene and Doloras Maloney and a duet by Laverne Greene and Burtla Burke.

A dance followed the concert with music by the Rhythm Tones. Proceeds of \$60 were added to the Red Cross funds.

Miss Jane Ireland was the holder of the lucky ticket on the Curling Club Raffle.

Miss Belle of the local nursing staff left Monday for duty with the R.C.A.F. in Calgary. Miss Nancy Howard who will take her place arrived Monday.

Ray Burke and Glen Greene have taken charge of the Grange Cafe as George Long, former owner has accepted a position in Vulcan.

The C. G. I. T. hiked over the hills to the river on Thursday November 6th where they prepared a delicious campfire supper of hot dogs and toasted marshmallows. After a few games and a singsong, they returned home weary but quite happy.

Harden Atkins, R.C.A.F., St. Thomas, Ontario is home on a two week's leave.

The basketball season is in full swing again. Those wishing to join should be at the Community Hall any Tuesday or Thursday evenings.

Miss Georgina Wilson left for Calgary, Wednesday week where she has accepted a position nursing.

Wallace Miller left Tuesday November 4th, for Edmonton, where he has accepted a position as instructor in Animal Husbandry at the Agricultural College.

Mr. and Mrs. Alvin Anderson and family have taken up residence in Calgary where Mr. Anderson is taking a youth training course.

Cecil Burns and Charlie Settner left a week ago last Friday for the Pacific coast.

STABILIZATION OF PRICES AND WAGES

*Your Country asks your loyal support
of this Wartime Measure*

TWO NEW CONTROLS have now become essential in Canada's wartime design for living. These are:

(1) Control of Prices

Commencing November 17, 1941, there may be no increase in the prices of goods and services generally unless absolutely necessary and authorized by the Wartime Prices and Trade Board.

(2) Control of Wages

No employer, with certain limited exceptions, may increase the basic wage rates paid to his employees unless authorized by a Board on which the Government, employers and employees are represented. But after February 15, 1942, every employer with the same exceptions, will be obliged to pay a cost of living bonus and to adjust this bonus every three months.

Action Necessary to Stop Inflation

This Government action has been taken to prevent the inflation we knew in the last war, and its subsequent depression, unemployment and suffering.

Every housewife knows that prices are rising, and rising prices, unless controlled, will make it more costly and difficult to finance the war. Rising prices, unchecked, will spread confusion in industry and trade; will hinder production and proper distribution of supplies; will make the cost of living rise more rapidly than wages and salaries; will lessen the value of savings; will result in hardship for almost everyone, and especially those with small incomes. And the result of uncontrolled inflation, after the war, when prices drop, will again be depression and unemployment. Prices cannot be controlled without control of wages. Excess profits are, and will continue to be, under rigid control.

Coverage of Wages Stabilization Order

The Order is applicable to the following employers:

- 1—Every employer normally subject to the Industrial Disputes Investigation Act.
- 2—Every employer engaged in the manufacture of munitions of war, or war supplies, or the construction of defence projects.

3—Every building trades employer with ten or more employees.

4—Every other private employer with fifty or more employees.

The Order does not apply to employers in agriculture or fishing, or to hospitals, religious, charitable or educational associations operated on a non-profit basis.

Wage Provisions

Except on written permission of the National War Labour Board, no employer may increase his basic wage rates. This permission can only be given in cases where the Board has found the wage rates to be low. Wage rates which are unduly high will not have to be decreased, but in such cases the Board may order the employer to defer the cost of living bonus.

Cost of Living Bonus

Every employer covered by the Order must pay to all his employees except those above the rank of foreman a wartime cost of living bonus.

Effective November 15, each employer already paying a bonus under PC 7440 of December 16, 1940, shall add to such bonus an amount based on the rise in the cost of living index for October 1941, above the index number used to determine the current amount of the bonus.

Effective February 15, 1942, each employer who has not been paying a cost of living bonus must begin to pay a bonus based on the rise in the index between October, 1941, and January, 1942, unless ordered by the Board to base the bonus on the rise in the cost of living over a longer period.

The bonus is calculated on the following basis: For each rise of one point in the cost of living the amount of the bonus shall be 25 cents per week, except for male workers under 21 years of age and female workers, who, if employed at basic rates of less than \$25.00 per week, shall receive a bonus of 1 percent of their basic wage rates.

These bonuses will be adjusted regularly every three months.

Administration

The Order will be administered by five regional Boards under the direction of a National War Labour Board. Labour and employers will be represented on each of these Boards. Watch for the announcement of these Boards to which inquiries concerning the application of the Order should be directed.

Whole-Hearted Support Required

Your Government knows that this policy, as it affects labour, industry, commerce, and agriculture, demands a degree of restriction to which Canadians are not accustomed, and is directly a wartime measure. It will demand self-discipline and self-control. It will need the whole-hearted support of everyone who has the well-being of his fellow citizens at heart. But by loyal co-operation, Canadians can have much more assurance that the fears, sense of insecurity, the suffering and profiteering which inflation always brings, will neither interfere now in the winning of this war, nor in the recovery and reconstruction of Canada and the Canadian way of living after the war is over.

Issued under the authority of
Hon. N. A. McLARTY,
Minister of Labour

One of the most important factors in Canada's War Effort is Electricity. Right here in Alberta it is at work in mines, oil wells and refineries, in gun and ammunition factories, in steel mill, ammonium nitrate plant, and countless others contributing directly and indirectly to the War Effort.

Electricity is a force that has given new and potent meaning to Democracy on the March.
